

NAGENDIRAN P

AI Engineer | Data Science | Machine Learning

nagendiranponnuvel@gmail.com | +91 9345599006 | Coimbatore, India

PROFESSIONAL OBJECTIVE

Pre-Final-year B.Tech AI & Data Science student at Rathinam Technical Campus (CGPA: 7.80) with a strong foundation in Python, Machine Learning, and Data Analytics. Seeking to apply AI engineering skills to develop scalable artificial intelligence systems. Passionate about building solutions that extract actionable insights from complex datasets

TECHNICAL SKILLS

- | | |
|--------------------|--------------------|
| • Python | Selenium Tools |
| • Java | Prompt Engineering |
| • Machine Learning | Data Visualization |

PROJECTS

Agricultural Crop Yield Predictor | Artificial Intelligence Project

- Building an ML pipeline to predict crop yield using publicly available agricultural datasets (soil, weather, irrigation data).
- Implementing explainable AI (SHAP) to make model decisions interpretable for farmers and agronomists.
- Visualizing insights via interactive dashboards using Matplotlib and Seaborn.

Data Handler with Python | Data Analytics

- Read and manipulated CSV datasets using Python and Pandas; cleaned, filtered, and visualized data.
- Designed a smart warning/request-limiting system for peak-load periods — demonstrating systems thinking.
- Developed practical understanding of data pipelines and real-world data quality challenges.

Login Automation via Selenium & Java | Automation Testing Tools

- Built a java script using Selenium WebDriver to bypass manual hostel Wi-Fi captive portal logins
- Configured Chrome to run invisibly in headless mode for seamless, non-intrusive connectivity.
- Implemented explicit WebDriverWait and try-except blocks to handle network timeouts and latency.

CERTIFICATIONS & TRAINING

- MongoDB Limited — Database Fundamentals & NoSQL
- Artificial Intelligence Training — IIRS (Indian Institute of Remote Sensing)

EDUCATION

B.Tech — Artificial Intelligence & Data Science | Rathinam Technical Campus, Coimbatore Sep 2023 – Present

- CGPA: 7.80 | Expected Graduation: 2027
- Relevant Coursework: Machine Learning, Deep Learning, Data Analytics, Statistics, AI Algorithms

Higher Secondary — Computer Science & Mathematics | Adhiyaman Matric Hr. Sec. School, Krishnagiri Jun 2021 – May 2022

- SSLC : 93%
- HSC : 89% — Strong quantitative foundation in Mathematics and Computer Science
